Commissioner for Patents

Sir:

Applicant petitions to have the abandonment of this application withdrawn on the grounds that the office action issued on December 24, 2009 was never received at the offices of the undersigned, who has power of attorney for this application.

In support of the petition, the following is submitted.

1) A print out from PAIR is attached showing that the office action was returned to the PTO as being undeliverable. The undeliverability of the office action is not understood since the undersigned address of record had not changed around the time of the office action mailing. While the offices of the undersigned did move in May of 2010, this move would not have affected the delivery of the office action given its mailing date of December of 2009.

2) A print out of the mail log from December 30, 2009 to January 29, 2010 is

attached. This mail log shows that no office action was received during the month following the mailing date.

3) The undersigned submits that a submission of a docket report for the three months following the date of the office action is not necessary in light of the fact that PAIR shows that the office action was not delivered. Applicants would be willing to submit such a docket report but do not believe that it is necessary in light of notice in PAIR indicating that the action was not delivered.

4) The undersigned has also searched the application file and its office and found no office action.

Based on the attached, it is submitted that a proper showing is made to justify withdrawal of the abandonment and resending of the office action so that Applicant can fully respond to it.

While no fee is believed to be due in this petition, any fee shortage can be charged to Deposit Account No. 50-1088.

Respectfully submitted,  
CLARK & BRODY
